

Maritime support has the commitment to their clients to serve the client by performing their work according to the most efficient and safe methods. Maritime Support encourages a culture among employees and third parties that results in the safe, effective and efficient execution of work.

To achieve the culture, the company strives to use all opportunities of improvement to improve their quality, safety and health management and prevent accidents and abnormalities in here service. Operations shall be executed according health, safety and environmental rules, regulations, law, client's specifications and instructions from the group without compromising QHSE related concerns. Safety and health work conditions and safe work methods shall ensure the safety and wellbeing for all employees of the group and of third parties.

The safety and wellbeing will be analysed by their employees and improvements are to be provided to the management of the company. The company will provide suitable and applicable solutions to achieve improvement and verify if control measures are successfully implemented.

The group is committed to provide a high quality of service and solutions to their clients to achieve their goals. All employees working for the company and third parties working on behalf of the company have the responsibility to strive to provide the high quality service and solutions without compromising their health or safety or the environment.

This policy is available for all employees and third parties and shall be understood within the company and other interested parties. The policy is subjected to continuous review, a new version will be communicated within the company upon approval.
